

TC-700

A Complete Accessories Solution

TC-700

Antenna, Audio Accessory

Antenna

Each antenna is injection molded for use in various environments, and tested to deliver maximum power and performance.

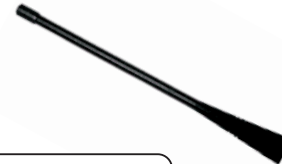

Helical Antenna

Helical Antenna with a one-piece finish, helical brass core, are durable and reliable for years of safe communication. Each antenna is designed and manufactured to meet rigid quality standard. The base of the connector helps to seal out dust and other damaging elements. Color coded label on the connector of antenna will help the user identify the frequency range of the antenna.

Antenna	AN0360H01

	AN0445W01
	AN0465W01
	AN0495W01

- UHF fine&long antenna with SMA connector 400-450MHz
- UHF fine&long antenna with SMA connector 420-470MHz
- UHF fine&long antenna with SMA connector 440-490MHz

Audio Accessory

HYT endeavors to provide general communication solutions for users with products as remote speaker microphone, professional earpieces, surveillance kits, etc. Abundant audio accessories allow flexible hands-free operations and great convenience for your work.

Remote Speaker Microphone

The remote speaker microphone allows users to transmit and receive without removing the radio from the belt clip or carrying case to greatly enhance operation flexibility.

Remote Speaker Microphone **SM08M3**

Remote Speaker Microphone **SM08M1-EX**

Remote speaker microphones with retractable coil cord and a 360 degrees swivel clip are approved to Dust & Water Protection Class IP54. It is perfect for public security, manufacturing and logistics.

Audio Accessory

Audio Accessory

Receive-Only Earpiece for Use with Remote Speaker Microphone

Receive-only earpiece is designed for use with remote speaker microphone, and thus to deliver users great convenience for communication.

Exclusive Earpiece ESS01

Receive-only earpiece for use with remote speaker microphone. (Ø 2.5mmPlug)

Earbud ESM12

Earbud with on-MIC PTT and volume control.

Light Weight Headset

Light weight headset allows for high clarity, hands-free communication while adding the comfort necessary for extended wear in moderately noisy environments. It is most suitable for medium noise environment such as hotel, restaurant, super market and other service industries, dock and construction site.

Light Weight, Behind-The-Head Earpiece ECM11

Light weight, behind-the-head earpiece with noise-canceling swivel boom microphone, in-line PTT and volume control.

Exclusive Earpiece ESS04

Receive-only earpiece with transparent acoustic tube for use with remote speaker microphone.

(Ø 2.5mmPlug)

Standard Earpieces

Cost effective standard earpieces, which are widely used in service industries as hotel, restaurant, retail, super market, provide you completely hands-free operation to greatly enhance your efficiency.

Earbud ESM11

Earbud with in-line PTT and volume control.

Earset EHM15

D-Earset with in-line mic & PTT & volume control.

Earset EHM16

D-Earset with boom mic & in-line PTT & volume control.

Light Weight Headset ECM12

Single-muff headset with noise-canceling swivel boom microphone, in-line PTT and volume control. It has a stylish look and provides users convenience for operation.

Audio Accessory, Battery

Surveillance Earpieces

Surveillance earpieces are unobtrusively designed, making them the ideal audio accessories for effective communication in covert operations. These earpieces can be easily concealed and camouflaged to allow discreet communications. The earpiece is designed to deliver users all-day comfort. Most suitable for security forces, military and public safety.

Surveillance Earpiece **EAM13**

With a volume control knob, 2-wire surveillance earpiece with transparent acoustic tube delivers users all-day comfort and high covertness.

Surveillance Earpiece **EAM14**

With a volume control knob, 2-wire carotid surveillance earpiece with transparent acoustic tube delivers users all-day comfort and high covertness.

Wireless Earpiece **EWM03**

The high-quality wireless surveillance earpiece is composed of a wireless receiver, an induction coil and a detachable earpiece. The receiver is absolutely unobtrusively designed, while the induction coil and detachable earpiece can be concealed in clothes. Most suitable for security forces, public safety and private detectives.

Surveillance Earpiece **EAM12**

Comfortable earpieces with on-MIC PTT, transparent acoustic tube and volume control are comfortable to wear and allows discreet communications.

Surveillance Earpiece **EAM11**

Earpieces with in-line PTT, transparent acoustic tube and volume control.

Surveillance Earpiece **EAM15**

With a volume control knob, 3-wire surveillance earpiece with transparent acoustic tube delivers users all-day comfort and high covertness.

Surveillance Earpiece **EAM16**

With a volume control knob, 3-wire surveillance earpiece with transparent acoustic tube delivers users all-day comfort and high covertness.

Throat-vibrating Earpiece **ELM01**

Light-weight, throat-vibrating earpiece can pick up voice through throat vibrations, which facilitates rescuers and other staff to free their hands if necessary. The adjustable elastic is comfortable to wear and easy for use by different groups. With a switch to adjust the volume, the earpiece can be used on different types of receivers.

Bone-induction Earpiece **EBM01**

The earpiece can pick up voice from bone vibrations inside the acoustic meatus, which facilitates rescuers and other staff to free their hands if necessary. It can be worn on the left or right ear easily and comfortably. An adjustable switch facilitates volume adjusting.

Heavy-duty Headset **ECM13**

Heavy-duty, noise-cancelling headset

Heavy-duty Headset **ECM14**

Heavy-duty, noise-cancelling, behind-the-head headset

Battery

The original battery packs with different capacities and specifications are designed to enable the HYT radios to obtain optimum performance, enhance security and allow reliable communication.

Charger

Carrying Accessory

Li-ion Battery

With high capacity and long service life but no memory effect

Battery **BL2102**

Li-ion battery pack 2100mAh 7.4V
Li-ion battery pack 2100mAh 7.4V With HYT logo

Battery **BL1703**

Li-ion battery pack 1700mAh 7.4V

Ni-MH Battery

Cost effective and long service time.

Battery **BH1801**

Ni-MH battery pack 1800mAh 7.2V
Ni-MH battery pack 1800mAh 7.2V With HYT logo

Charger

Charge batteries, for use with HYT-approved batteries to maximize the battery efficiency.

Desktop Charger **CH10L07**

Rapid-rate charger CH10L07 is an intelligent charger controlled by MCU. In order to charge batteries more effectively, safely and reasonably, the charger can recognize Li-ion and Ni-MH batteries automatically and charge the batteries with different charging modes per battery types.

In use with switch power PS1009, the charger also acquires applicable power cords per different countries and districts, including China, UK, Euro, Australia and UL.

Vehicle Adapter of Charger **CHV09**

Input Voltage: 11V-25VDC
Output Voltage: DC12V 1A

It directly connects to the cigarette lighter of vehicle, with the other end is for use with HYT chargers to charge the battery in vehicle.

Multi-Unit Charger **MCL07**

A multi-unit charger can charge six Li-ion batteries or a combination of radios and Li-ion batteries simultaneously. China, Euro, Australia and UL are selectable for users.

Carrying Accessory

Designed with durability and flexibility, belt clips are easy to remove.

Belt Clip **BC08**

For use with battery BH1801, BL2102

Carrying Case

The cases, made of different kinds of material, are used to protect and facilitate the operation of the radio.

Belt Clip **POA06**

Carrying Case **LCBN41**

Spring belt clip with metal holder, for use with Ni-MH battery BH1801, BH2102

High-quality leather carrying case, for use with thin battery BL1703

Belt Clip **BC09**

Carrying Accessory

Data Cable, Others

Belt Clip **POA06**

Carrying Case **LCBN42**

High-quality leather carrying case, for use with thick batteries BH1801 and BL2102

Belt Clip **POA06**

Carrying Case **LCBN36**

High-quality leather carrying case, for use with thick batteries BH1801 and BL2102

Belt Clip **POA06**

Carrying Case **LCBN35**

High-quality leather carrying case, for use with thin battery BL1703

Chest Pack **LCBN13**

For a common chest pack with a radio pocket and nylon bag, comfort can be delivered to users by adjusting the black shoulder strap. Most suitable for military, police, railway, production departments and construction sites.

Strap **RO04**

Data Cable

Easy for rewriting frequencies of the radio by users

Programming Cable **PC19**

Professional Programming Cable (COM port)

Programming Cable **PC26**

The NEW and IMPROVED USB Programming Cable is compatible with most computers and will accelerate your programming time, which improves overall turn around time to your customer!

Universal Programming Cable **PC08**

With various connectors, common programming cable provides high compatibility and easy use.

Cloning Cable **CP05**

The cable is made of soft and durable material for ease of use.

Others

Waterproof Bag **LCBY03**
